2020 Annual Report
A Year of Accomplishments
MESSAGE FROM THE CEO

Dear Friends,

2020 demands attention. This past year wasn’t just the common denominator that connected every living soul on the planet. It was also a year of determination. We were faced both individually and as an organization with the question of how to respond. Spokane Valley Partners chose to become a pipeline. I am extremely proud to be part of a group that laid pipe and delivered critical resources throughout this crisis.

Our team agonized over the desperation of the people we encountered, but we had an answer as our partners continued to fuel the flow of the pipeline.

In the midst of pandemic and nationwide shutdowns of businesses, schools, churches, and places of meeting, Spokane Valley Partners grew out of this necessity. We improved both the processes and the outcomes of our service. We launched the first fully Valley controlled mobile food bank to tear down the transportation barrier to the access of food. In the middle of an epic crisis, we revived our WHY.

I would like to personally thank every donor and every volunteer who helped us be a shining example of what community should look like. I would also like to thank our staff who dug deep to resolve their purpose. You have inspired me!

With great hope,

Calvin B. Coblentz
Chief Executive Officer
INCREASE IN NEW HOUSEHOLDS SEEKING FOOD FOR THE FIRST TIME

Families seeking assistance for the first time was the greatest indicator of economic impact throughout pandemic. When businesses and schools were closed this number was as high as 800%.

INCREASE IN EMERGENCY ASSISTANCE PROVIDED

Utilities, Rent, Bus Passes, Motel Vouchers and Prescription Drug assistance all increased in demand and resources delivered in 2020.
A major focus in 2020 was to increase access to food for our neighbors, especially in underserved areas of our community. With CARES Funding we launched a Mobile Food Bank in September 2020. This service line became a lifeline for households struggling. The Mobile Food Bank has become a staple and continues to serve each week in Spokane Valley and South Spokane County.

On top of our normal work fighting hunger and poverty, your participation and CARES funding allowed Spokane Valley Partners to mobilize an unprecedented response to the increased need caused by the pandemic and the related economic fallout.

It became apparent very early in the pandemic that we would have to adapt our traditional distribution methods to meet the needs of our most vulnerable - our seniors and students. Working in partnership with Central Valley School District free lunch and bus programs as well as Meals on Wheels we began to distribute food and other essential items to homes. 650 students received food via their lunch deliveries each week. We also provided monthly supplemental boxes of groceries to seniors through Meals on Wheels delivery.
Spokane Valley Partners success in 2020 is a direct result of the thousands of volunteers and supporters who freely gave of time and money to ensure that everyone in our community has access to food.

- **Program Services**: 18.7%
- **Fundraising & Development**: 1.7%
- **Management**: 3.9%
- **Food**: 75.7%
For the last year during the pandemic, heroic hands have been ensuring our neighbors facing hunger have food. We salute them. We appreciate them. And we want to acknowledge those that have gone above and beyond to prevent hunger and poverty.

From sorting clothes to packing mobile food bank boxes each set of hands is essential to our mission and operation. In 2020 400 volunteers contributed over 18,775 hours.
